South Oakland Neighborhood Group (SONG)*

The end of the summer means the beginning of a new semester for the university students that will soon call South Oakland home. South Oakland Community Day is a family friendly event that is the ideal time for neighbors to reach out to the many new students from Point Park University, Carnegie Mellon University, Carlow University and the University of Pittsburgh and invite them into our historic community especially in this year of bicentennial celebration of the City Of Pittsburgh.

If you would like to contribute by donating or volunteering, please get in touch with us. Also check out the SONG website for more general community information, and about how to get involved.
